SCHOLARS ACADEMY GHAZIPUR

“Tamso Ma Jyotirgamaya”

From the darkness of ignorance lead me to the light of knowledge and enlightenment

- Bhagvad Gita

Welcome to Scholars Academy Ghazipur

An English medium school that runs under "Shri Shyama Shanti Public Trust" affiliated to Central Board of Secondary Education, New Delhi. The sole objective of this trust is to link with reputed persons, educationist, and teachers of society who will guide and show the path of all possible welfare of the area as a whole and school in particular for the better future of the pupil. We have formed an advisory team which collectively works on school process like syllabus formation, student orientation, and recruitment of teachers, staff training program and technology enhancement in education system that makes whole process more efficient.

We approach each child as an individual with their own talents and interest and providing them such environment where they can learn from own practice. Our goal is to help your student meet the learning benchmarks for their grade. The school provides a safe and spacious learning environment where students are empower to nurture their love of learning and thrive on challenges. We cultivate the values of mutual respect, personal responsibility, equality, and compassion. We seek to emphasize the development of child's creativity, critical thinking, and collaborative skills. We embrace the notion that each student learns differently and we strive to engage the wide range of learning styles that pass through our gates and fill our classrooms every day. We also promote a well-balanced diversified academic program and a wide range of co-curricular opportunities through our School Activities Programs. Likewise, we believe that students learn by doing and that community engagements offer opportunities to make unique learning connections and to support local civic endeavors.

Grounded on Global Best Practices and our principles of "Individual Focus" and "Compete with Self", we strive to develop child's individual talent, creativity and communication skills which are essential for his success in future world. Instilling ancient Values, teaching essential Life Skills and developing right habits enables child to adopt a lifestyle that creates a balance among all dimensions of life and attain complete wellness (body, mind and soul). All together they act as the greatest unifying forces in life and pillars of a strong foundation for responsible Global Citizens Of tomorrow.

Mission

Our mission is to Inspire, Encourage and Guide our students to

Nurture

Discover, Value and Nurture the individual's area of excellence

Learner

Practice self-discipline, be organized and lead a healthy & balanced life

Perseverance

The tenacity to hold on to your aspirations against all odds

Leader

Imbibe strong ethics, rational decision making and leadership with a sense of team work

Empathy

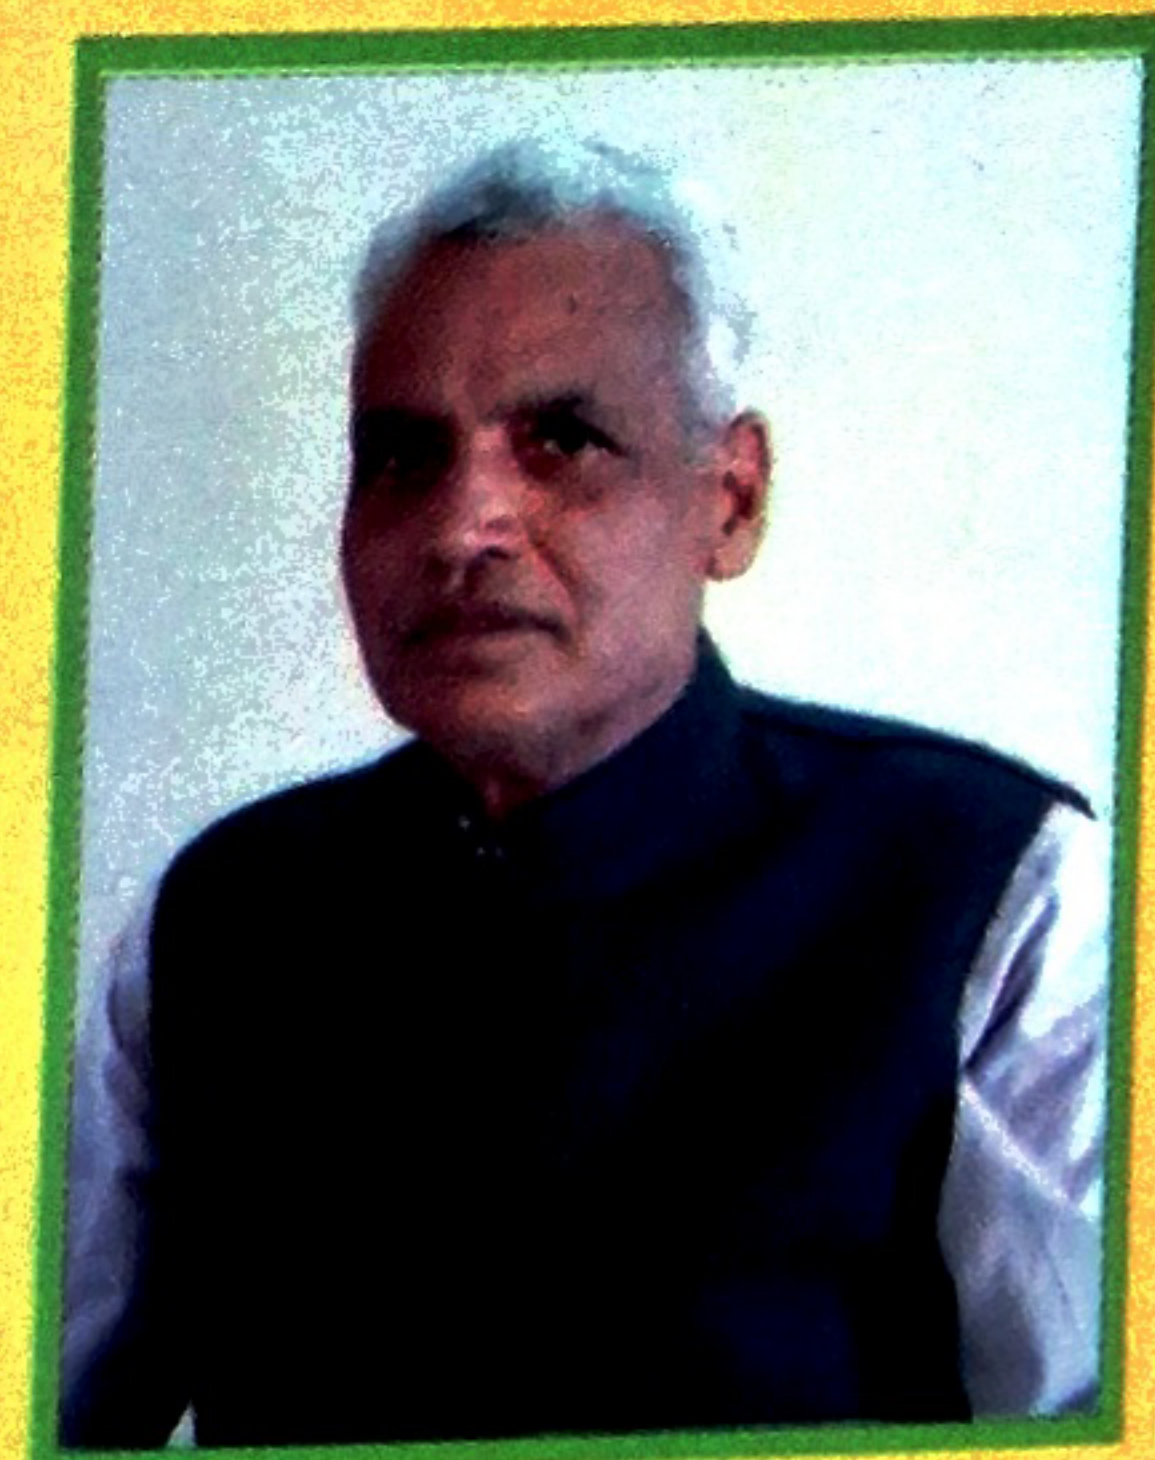

Understand others perspective and grow along

Integrity

Adhering to principles and righteousness

Living the Dream

We motivate innovative learning, empowering all students with the courage, confidence, creativity and compassion to assure that students nurture the joy that comes with learning. We want students to learn to apply what they know and can do to real world problems; we will seek to help them understand a vast array of problem-solving approaches and skills and work collaboratively, fairly, and effectively with others. Childhood is a period of growth and change, involving developing one's physical and mental capacities to the fullest. We enjoy the interest, inventiveness and constant querying of children. They actively engage with the world around them, exploring, responding, inventing and working things out and are resilient in pursuing their passions.

Vijay Narayan Tiwari
Principal

Dream Big

I am delighted to share my views and ideologies through this note, As a human being from the common family, I have experienced problem of a common man and their difficulties in the life for the real education of their children. I understand the basic requirements of the society and the difficulties endured by persons passing their hard life and desire to give better education to their children. It is my strong desire to provide meaningful education through this small temple of learning that will stand and serve to the level of person dwelling in society.

Scholars Academy Ghazipur will function with latest technologies and application of knowledge where spoken English language and fluency in English will be taken care off. Enough importance will be given to encourage the level of understanding that will help the future career by linking good services, higher competitions so that they can connect themselves in the country and abroad.

Backed on dedication, quality orientation, hard work and passion for education of The Scholars team, once a dream of just two people, is today, a large family comprising Children, Parents, Staff and Associates that is learning and growing by leaps and bounds. With several milestones covered & feathers to their cap the dream & expectations are now far beyond the horizon.

Academic

Value Based Education System:

This is an integral part of the curriculum. The following are taken up for effective implementation of this:

- Morning Assembly is held for all classes.
- Special Theme based Assembly is conducted by each class in rotation.
- Thought of the Day, Recitation of Quotes (shlokas) News are part of the Assembly.
- Value based stories and songs are taken up regularly.
- Dramatization of stories, Role Play.
- Celebration of national, religious festivals and all special days.

Pre-Primary

The Pre-Primary Wing functions as an extension of home. The focus is on learning by doing. Hence all learning is through play and pleasurable activities. They are exposed to the rich experiences of daily life and helped to learn Social behavior and Proper Communication skills. Picnics, Educational tours, Outings and Nature walks, etc. help the tiny tots to increase their awareness of their environment and assist them in acquiring the skills of being independent and of standing on their own feet.

“Education is not preparation for life, education is life itself”

- John Dewey

Primary

Classes I and II follow a well-balanced academic curriculum with English, Hindi, E.V.S., Maths as the core subjects and Computer Science, General Knowledge, Music, Dance, Art & Craft and Physical Education as essential support subjects. Computer Aided Learning through Smart Classes and various other activities form an integral part of the teaching learning process. In class V the third language is introduced. Computer Science, General Knowledge, Music, Dance, Art & Craft and Physical Education form an integral part of the curriculum. A period per week is allocated for Value Education as well as for Environmental Education.

Secondary School

The School follows the CBSE pattern and offers various choices at the Secondary level. Science, Literature, Languages, Maths, Grammar, Social Science and Computer. A period per week is allocated in the Time Table for Value Education. To encourage reading habits Library period is provided. To get practical knowledge of subjects students doing Lab activities.

Infrastructure

Infrastructures have been made as per requirement of Central Board of Secondary Education "Affiliation Bye-Laws".

More than 3 Acre Green Campus which is divided in two parts:

- 1 Acre land for Academic block
- 2 Acre land for sport Ground (Soccer field, Badminton Court, Volleyball Court)

Construction of Building work made under the guide of R.E.S engineer and followed National Building Code.

Transport Facility (pickup and drop) is available for students.

Advance Technology Infrastructure for educational enhancement such as Smart Classes, Student Analytics, fully equipped Maths Lab, Computer Lab, and Science Lab.

High Speed Wireless Internet Facility for campus.

Learner Centric:

We give students ample opportunity to explore their interests and cultivate unique strengths. We believe all children should have access to an exceptional, personalized education that enables them to live a happy and successful life.

Learning Modalities:

A combination of projects, real life exposure, audio-visual presentations, classroom teaching, experiential learning, community visits and brainstorming activities are used to make learning fun, exciting and interesting.

Interdisciplinary Learning

We encourage interdisciplinary learning and avoid artificial separation between subjects. Encouraging students to learn by doing, we promote a deeper level of understanding. Teaching may originate in the classroom, but will continue on trips throughout the community, at home and even on family vacations.

Competition with Self:

A child at Scholars Academy is always competing but not with others, rather this competition is with self. We always emphasize at learning right than learning fast.

“Education is the key to unlock the golden door of freedom” -George Washington

Children Personality Development Program

The mission of C-PDP is to support children to reach their full potential in all developmental areas. Apart from class education we also care on personality development of every individual. This will improve the overall personality and self-learning skills. In that we will focus on their presentation, soft skills and verbal communication.

Health and Physical Education

This curriculum area adopts a holistic definition of health within which physical education and yoga contribute to the physical, social, emotional and mental development of a child. Undernourishment and communicable diseases are the major health problems faced by the majority of children in India, from the pre-primary to the secondary stages.

Co-curricular Activities

In our aim to develop love of learning in children that'll last through their lives, we offer a broad curriculum that includes a wide range of extracurricular activities besides academics. Physical and mental development is intended to happen in tandem through indoor and outdoor sports, dance, skating, free play, music lessons, dramatics etc.

Parents Collaboration

As parent, you are the first teacher and the most important influence on your child's growth and attitude towards learning. Keeping 3-way communication channel open between students, parents and mentors ensures two things; one that parents get to play a direct and active role in their child's growth and two, a message is conveyed to the child that school and education are extremely important.

Our School Pledge

- To be a worthy student of my school and abide by its rules.
- To love and respect my parents and teachers and follow their guidance
- To work for the cause of world peace and happiness of the people
- To devote my talent to be of service of humanity
- To be honest and true to my world
- To use my manners and say “please” and “thank you”
- To show sincerity, trustworthiness and perseverance in all that I undertake to do
- To strive always for excellence and greater height of achievement in my studies.
